

VIBROPLEX - ORIGINAL BUG

VIBROPLEX®

"Since 1890 - the oldest name in amateur radio"

Description

First patented in 1904, the Original Bug is still manufactured using similar tools and dies used by its inventor, Horace G. Martin. The Original Bug is designed for code speeds from 20wpm to 50+ wpm. The quality of these beautifully crafted instruments cannot be matched. All models have smooth, jeweled movements.

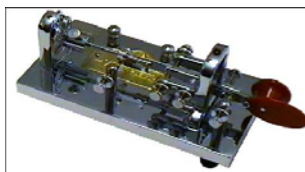

Standard

A crisp, black textured finish base with bright chrome top parts. Non jeweled movement.

Deluxe

Polished chrome base with bright chrome top parts but without the 24K old plated brass plate. Jeweled movement. Left-hand version available.

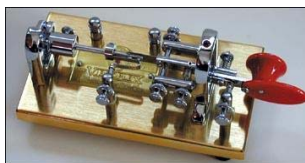

Presentation

24K gold plated brass plate on a polished chrome base with bright chrome top parts. Stainless steel hardware where appropriate. Smooth, jeweled movement for precise control.

Gold

The entire base is 24K gold plated with bright chrome top parts. Stainless steel hardware where appropriate. Smooth, jeweled movement for precise control.
