Zetagi MB+5 Mod and schematic

Thursday, 26 May 2011 09:35 db7ji Modificaciones - Modificaciones CB

Microfono Sobremesa Zetagi MB+5

0

Micrófono de sobremesa preamplificado con regulación de tono e indicador del nivel de modulación.

Este microfono tiene bastantes problemas de realimentación. Para evitar esto aconsejo el uso de unos nucleos de ferrita y revisar todas las conexiones a masa, ver fotos adjuntas.
