CUSTOMERS INFORMATION

All INTEK products are in full compliance with the current European CE / R&TTE and RoHS regulations. A Declaration of Conformity is included in each product and the approval marks are printed on the packaging and/or on the user manual. Full details on the type approval documents may be requested and obtained from our service department. It is the user's responsibility to check local regulations in the country where radios are to be used, before operating it.

THREE MODELS AVAILABLE ! (page 35)

TWO WAY RADIOS AND ELECTRONICS SINCE 1976 !

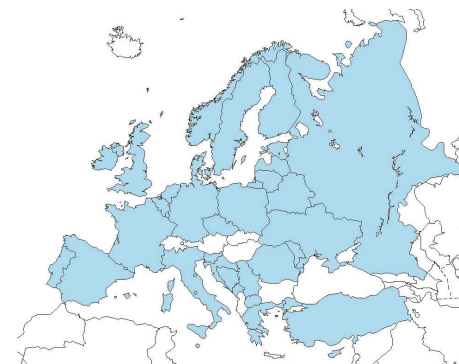

In the world of the young and fast moving electronics community, INTEK may be certainly called an “old” company, as its founding dates back to some thirty six years ago, exactly to february 1976. Since then, the Company mission has been the design, development and production of advanced and competitive two way radios and RF communication devices for both consumer, amateur and professional use. By combining a almost unique over thirty years experience and excellent know-how in the two-way radios area with a deep market understanding as a European based and integrated company, INTEK is offering a number of original products that perfectly match all the specific wishes and requirements of western and eastern European customers, like no other Asian manufacturers can do. Currently, a team of more than 50 enthusiastic people provide their services and efforts in what we call “the project”, among them several hardware, software and design engineers hardly and carefully work daily to create products, following ours and Customers suggestions and making ideas become real products, as well as business opportunities for all our customers, in as short as six-to-eight months time since the first idea is born and the first sketch is drawn on our computers. INTEK Electronics (China) Limited, based in Hong Kong, is handling and controlling the developing and manufacturing processes in China (Shenzhen and Dongguan factories) and in some other Asian countries, as well as materials procurement, while INTEK S.R.L. based in Italy is handling the worldwide distribution and sales of the products, as well as all necessary type approval tests and certifications. Our product range includes 27 MHz CB radios, HF, VHF and UHF AMATEUR RADIO transceivers, LPD433, PMR446, VHF and UHF commercial LMR radios, VHF MARINE transceivers, scanning receivers, shortwave amateur receivers, antennas and accessories. Please visit our website www.intek-radios.com to check for our latest products categories, including electronic hobby tools and devices, outdoor electronic products and more.

INTEK S.R.L. headquarters in Segrate, Italy

SALES NETWORK

INTEK products are distributed and available in almost all the European countries and in some other non European countries, through selected exclusive distributors. Please check our website www.intek-radios.com for Distributors and Dealers information. Distributorship is steel available in selected countries. Please contact our sales office for full details.

 MULTI-STANDARD TRANSCEIVERS
 27 MHz CITIZEN BAND MONITOR (ROAD WATCHER)

M-100 PLUS

ULTRA-COMPACT / 10cm WIDE !

**3-DIGIT CHANNEL/BAND
BLUE COLOR LCD DISPLAY**

ANL / EMG

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

Multi-Standard CB mobile transceiver. 4W AM/FM. The main feature of this model is its extreme compact size, only 10 cm wide, for a very easy installation even in the current smallest cars. Radio has total 9 bands programmable, for use in all the european countries. **3-digit blue color LCD band/channel backlit display**, for a clear indication of band ID code, channel number and other enabled functions. High efficiency ANL (Automatic Noise Limiter), slow or fast channel selection, quick access to CH9/CH19 emergency channels. Silicon rubber keys with backlighting. Professional construction with multi-layer circuit design. Extra soft microphone curl cord and 3W speaker. One of most compact multi-band mobile CB radios in the World !

Art. 05000100

Main Features

- > 9 Bands Programmable (all european countries)
- > AM/FM 4W
- > 3-Digit Band/Channel Blue Color LCD Display
- > ANL (Automatic Noise Limiter)
- > EMG (Emergency Channels) quick access
- > Quick UP/DN channel selection
- > 3W Speaker
- > Soft type microphone curl cord
- > 4-pin Mic Connector

M-100EX PLUS
International Version, features 12 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

Band/channel 3-digit blue color LCD display for clear indication of band ID code, channel number and current enabled functions

FULL KIT PACKAGES

NO INSTALLATION REQUIRED !

**ALL-YOU-NEED READY-TO-START
FULL KIT VERSIONS**

**MULTI-STANDARD CB TRANSCEIVERS READY-TO-START
FULL KIT PACKAGES INCLUDE CB MAGNET ANTENNA AND
12VDC CAR PLUG ADAPTOR**

These "all-you-need" and "ready-to-start" FULL KIT mobile CB radio packages include all you need to operate your CB transceiver immediately after purchase. No installation is required. Each package includes the mobile CB transceiver ① complete with a 12V car cigarette lighter adaptor plug ② (connect directly to the lighter socket in your car) and a high performance CB magnet mount antenna ③ (mod. MAG-1345) complete with 4 mt. RG-58U cable and PL-259 connector (connect to the CB transceiver).

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

Multi-Standard CB mobile transceiver. 4W AM/FM. Compact size cabinet. Radio has total 9 bands programmable, for use in all the european countries. **3-digit blue color LCD band/channel backlit display**, for a clear indication of band ID code, channel number and other enabled functions. Auto (fixed) or manual Squelch, high efficiency ANL (Automatic Noise Limiter), slow or fast channel selection, quick access to CH9/CH19 emergency channels. **RF GAIN control**. Silicon rubber keys with backlighting. Professional construction with multi-layer circuit design. Extra soft microphone curl cord and 3W speaker.

Art. 05000305

Main Features

- > 9 Bands Programmable (all european countries)
- > AM/FM 4W
- > 3-Digit Band/Channel Blue Color LCD Display
- > Manual or Auto (fixed) Squelch
- > RF GAIN Control
- > ANL (Automatic Noise Limiter)
- > EMG (Emergency Channels) quick access
- > Quick UP/DN channel selection
- > 3W Speaker
- > Soft type microphone curl cord
- > 4-pin Mic Connector

M-130EX PLUS
International Version, features 12 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

Band/channel 3-digit blue color LCD display for clear indication of band ID code, channel number and current enabled functions

M-799 PLUS

EXTRA LARGE BLUE COLOR LCD !

ESP RX-TX SPEECH PROCESSOR

DYNAMIC MIC

ASQ / ANL / SCAN

DW / RB / RF ATT

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

Compact size 4W AM/FM CB mobile radio. 9 bands programmable, for use in all the european countries. **Extra large blue color LCD backlighted display**, shows band ID code, channel number and every other enabled function. Digital S/Rf Meter. Auto (fixed) or manual Squelch, high efficiency ANL (Automatic Noise Limiter), slow or fast channel selection, quick access to CH9/CH19 emergency channels. **ESP COMPANDER (RX/TX Speech Processor)**. Additional feauters include ATT (received signal attenuator), RB (Roger Beep Tone), SCAN and DW (Dual Watch). High quality Dynamic Microphone with UP/DN/LOCK controls. Silicon rubber keys with backlighting. Professional construction with multi-layer circuit design. Extra soft microphone curl cord and 3W speaker.

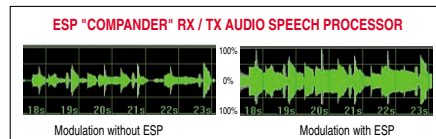

Main Features

- > 9 Bands Programmable (all european countries)
- > AM/FM 4W
- > Extra large Blue Color LCD Display with S/Rf Meter
- > ESP COMPANDER (RX/TX Speech Processor)
- > Manual or Auto (fixed) Squelch / 3W Speaker
- > ATT (RF Signal Attenuator) / RB (Roger Beep)
- > ANL (Automatic Noise Limiter) / SCAN / DW
- > EMG (Emergency Channels) quick access
- > Quick UP/DN channel selection
- > Soft type microphone curl cord
- > Dynamic MIC with UP/DN/LOCK controls

Art. 05000312

M-799EX PLUS

International Version, features 14 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

M-490 PLUS

DIGITAL FREQUENCY READOUT !

ESP RX-TX SPEECH PROCESSOR

DYNAMIC MIC

1 + 4 MEMORY CH

RF GAIN / MIC GAIN

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

Advanced Multi-Standard CB mobile transceiver. 10 bands programmable for use in every european country. Digital **ESP COMPANDER (RX/TX Speech Processor)** increases modulation level in transmission (Compressor) and audio modulation level in reception (Expander). Wide LCD Display shows channel number or full **5-digit frequency readout**. **RF Gain** and **Mic Gain** controls. SCAN and Dual Watch functions. Programmable quick access to a special **Truck** memory channel, LOCAL/DX attenuator, 4 + 1 memory channels and high quality Dynamic microphone with UP/DN/LOCK controls. Backlighted keypad. PA (Public Address) function.

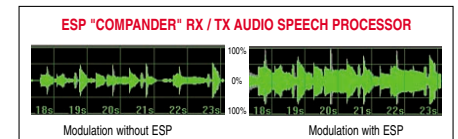

Art. 05000320

Main Features

- > 10 Bands Programmable (all european countries)
- > AM/FM 4W
- > Extra large Amber Color LCD Display with S/Rf Meter
- > ESP COMPANDER (RX/TX Speech Processor)
- > TRUCK Memory Channel + 4 Memory Channels
- > LOC (RF Signal Attenuator) / PA function
- > RF GAIN and MIC GAIN controls
- > ANL (Automatic Noise Limiter) / SCAN / DW
- > EMG (Emergency Channels) quick access / LCR
- > Quick UP/DN channel selection
- > Soft type microphone curl cord
- > Dynamic MIC with UP/DN/LOCK controls

M-490EX PLUS

International Version, features 13 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

M-150 PLUS

FRONT SPEAKER DESIGN !

ASQ / ROGER BEEP

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

Multi-Standard CB mobile transceiver with **3W Front Speaker** design for the most efficient audio output, this radio is very suitable for trucks cabin, taxi cars and other noisy locations. 8 bands programmable for use in every European country. Wide backlighting amber color LCD display with digital S/Rf Meter. **Roger Beep** and Auto (fixed) Squelch, high efficiency new Automatic Noise Limiter, **Mic Gain** and **RF Gain** controls, Scan and Dual Watch. **ESP COMPANDER (RX/TX Speech Processor)** increases modulation level in transmission (Compressor) and audio modulation level in reception (Expander), with separate Compressor and Expander controls. Microphone with soft curl cord and UP/DN/LOCK controls. Slow or fast channel selection. Backlighting rubber keypad. PA (Public Address) function.

Art. 05000430

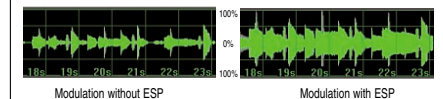

Main Features

- > 8 Bands Programmable (all European countries)
- > AM/FM 4W
- > Wide backlighting LCD with digital S/Rf Meter
- > ESP COMPANDER (RX/TX Speech Processor)
- > 3W high efficiency Front Speaker
- > EMG, ANL (Automatic Noise Limiter)
- > SCAN, DW (Dual Watch), LCR
- > UP/DOWN/LOCK controls also on microphone
- > Roger Beep, manual or Auto (fixed) Squelch
- > Quick UP/Quick DOWN channel selection
- > PA (Public Address) circuit
- > MIC Gain / RF Gain controls

M-760EX PLUS

International Version, features 11 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

ESP "COMPANDER" RX / TX AUDIO SPEECH PROCESSOR

M-60 PLUS

NEW !

REMOTE PTT OPERATION

EXTERNAL MIC JACK

REMOTE PTT JACK

CB 27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE TRANSCEIVER

SAFE DRIVE RADIO !

New Multi-Standard CB mobile transceiver, specifically designed for safe operation while driving. 9 bands programmable for use in every european country. **Blue color backlighted 3-digit LCD Display** indicates band ID, channel number and other functions enabled. Digital S/Rf Meter. **Remote PTT Control Box (RPT-1) jack** and **external Microphone (ESM-444 or ESM-555) jack**. Radio can be operated in PTT mode using the standard microphone or in the **SAFE DRIVE MODE** using the external microphone and the remote PTT control box (it may be attached on the steering wheel or to the shift lever).

Main Features

- > 9 Bands Programmable (all european countries) / AM/FM 4W
- > 3-Digit Band/Channel Blue Color backlighted LCD Display
- > Manual or ASQ Auto (fixed) Squelch
- > Digital S/Rf Meter
- > EMG (quick access to EMG Channels)
- > LCR (Last Used Channel Recall)
- > ANL (Automatic Noise Limiter)
- > External Microphone Jack
- > External Remote PTT Control Jack
- > Slow/Quick Channel Selector
- > Backlighted Silicon Rubber Keys
- > 4-pin Microphone with soft Curl Cord

Art. 05001130

OPTIONAL ACCESSORIES FOR M-60 PLUS AND M-899 VOX
(RPT-1 AND ESM-555 INCLUDED IN M-899 VOX)

RPT-1
Remote PTT Control with velcro strap and 2 mt cable with jack.

ESP "COMPANDER" RX / TX AUDIO SPEECH PROCESSOR

M-795EX POWER (*)

International Version, features 13 bands, 450 channels including 50 Alpha channels and 20W transmitter power. Not available for sale or use in the EEC countries.

M-495 POWER

20W AM-FM ! (*)

FREQUENCY READOUT !

50 CTCSS TONES

ESP RX-TX SPEECH PROCESSOR

DYNAMIC MIC

1 + 4 MEMORY CH

RF GAIN / MIC GAIN

CB 27 MHz PROGRAMMABLE MULTI-STANDARD HIGH POWER MOBILE TRANSCEIVER

Advanced Multi-Standard CB mobile transceiver. 10 bands programmable for use in every european country. **50 CTCSS tones** (FM). Digital **ESP COMPANDER (RX/TX Speech Processor)** increases modulation level in transmission (Compressor) and audio modulation level in reception (Expander). Wide LCD Display shows channel number or full **5-digit frequency readout**. **RF Gain** and **Mic Gain** controls, **Roger Beep** tone. Programmable quick access to a special **Truck** memory channel, LOCAL/DX attenuator, 4 + 1 memory channels and high quality Dynamic microphone with UP/DN/LOCK controls. Backlighted keypad. PA (Public Address) function.

Art. 05001105

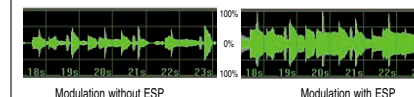

Main Features

- > 10 Bands Programmable (all european countries) / AM/FM 4W
- > Extra large Amber Color LCD Display with S/RF Meter
- > ESP COMPANDER (RX/TX Speech Processor)
- > 50 CTCSS tones (FM), Manual or Auto (fixed) Squelch, Roger Beep Tone
- > TRUCK Memory Channel + 4 Memory Channels
- > LOC (RF Signal Attenuator) / PA function / ANL / SCAN / DW
- > RF GAIN and MIC GAIN controls
- > EMG (Emergency Channels) quick access / LCR
- > Quick UP/DN channel selection
- > Dynamic MIC with UP/DN/LOCK controls

Large size heatsink provides heat dissipation for the high power Mosfet RD16HHF1

ESP "COMPANDER" RX / TX AUDIO SPEECH PROCESSOR

M-495EX POWER (*)

International Version, features 13 bands, 450 channels including 50 Alpha channels and 20W transmitter power. Not available for sale or use in the EEC countries.

H-510 PLUS

AM 4W

H-512 PLUS

AM-FM 4W

CB 27 MHz PROGRAMMABLE MULTI-STANDARD HANDHELD TRANSCEIVERS

CB Multi-Standard programmable handheld radios with advanced hardware and software design. Very compact and light case (185 gr. only). Backlighted LCD display with **3-digit band/channel reading** and **battery level meter**. AM mode (H-510 PLUS) and AM/FM modes (H-512 PLUS). Hi-Low transmitter power for battery saving and **mobile car adaptor** (optional) compatible, powered with 6 x Alkaline or Ni-MH batteries.

Art. 05002910 INTEK H-510 PLUS

Art. 05002912 INTEK H-512 PLUS

Main Features

- > 5 Bands Programm. (all europe countries) H-510 PLUS
- > 8 Bands Programm. (all europe countries) H-512 PLUS
- > Adjustable RF transmitter power 4W / 1W
- > 3-Digit Band/CH Green Color backlighted LCD Display
- > Digital 4-bar battery level indicator
- > LOCK, quick UP/DOWN channel selection
- > Manual or Auto (fixed) Squelch
- > External earset-microphone jack
- > TX LED indicator
- > BNC rubber flexible antenna

See page 25 for more optional accessories for H-510/512/520 PLUS

H-510EX PLUS
International Version, features 7 bands, 200 channels.
Not available for sale or use in the EEC countries.

H-512EX PLUS
International Version, features 10 bands, 200 channels.
Not available for sale or use in the EEC countries.

H-520 PLUS

AM-FM 4W

WORLD BEST CB HANDHELD + MOBILE RADIO !

ESP RX-TX SPEECH PROCESSOR

DIGITAL S/R/F METER

CB 27 MHz PROGRAMMABLE MULTI-STANDARD HANDHELD TRANSCEIVER

CB Multi-Standard programmable handheld radio with advanced features. Compact and light case, backlighted **5-lines 1.8" LCD display**, **digital S/R/F meter** and **both CH number and 5-digit frequency readout**. **ESP (RX and TX Speech Processor)**, 8 memory channels, adjustable RF output power (3 levels) and much more. **Full set includes battery charger and mobile car adaptor (CAR-520)**. Powered with 6 x Alkaline or Ni-MH batteries. The most advanced and complete CB handheld radio ever made.

Art. 05003000

Main Features

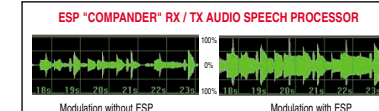

- > 8 Bands Programmable (all european countries)
- > AM/FM 4W
- > 5-lines 1.8" backlighted LCD display
- > Channel and 5-digit full frequency readout
- > Adjustable RF output power 4W/1W/100mW
- > ESP COMPANDER (RX/TX Speech Processor)
- > Digital S/R/F Meter and 4-bar Battery Meter
- > LOCK, EMG, SCAN, Dual Watch, LCR
- > Quick UP/DOWN channel selection
- > 8 memory channels
- > Manual or Auto (fixed) Squelch
- > External earset-microphone jack
- > BNC rubber flexible antenna

5-LINES EXTRA LARGE 1.8" LIGHTED LCD / CH + FULL FREQUENCY READOUT

Full set includes radio, antenna, strap, mobile car adaptor and 230V charger.

H-520EX PLUS
International Version, features 11 bands, 450 channels including 50 Alpha channels. Not available for sale or use in the EEC countries.

CAR-520

MOBILE CAR ADAPTOR

Converts handheld CB radios into mobile units. 12V power from car electric system through lighter adaptor. SO-239 RF antenna connector. For H-510 / H-512 / H-520.

Art. 05005000

CHGKIT-500

CHARGING KIT

This kit includes 6 x AA 1500mAh Ni-MH rechargeable batteries and the 230VAC charger. For H-510 / H-512.

Art. 05005030

LC-520

SOFT CARRYING CASE

Soft carrying case, with PVC window. For H-510 / H-512 / H-520.

CB MONITOR - ROAD WATCHER !

NEW !

COMPLETE SET INCLUDES
CB MONITOR WITH 12V CAR PLUG AND
QUICK MOUNT MAGNET ANTENNA !

CBM-450

Real time information while driving !
Keep yourself informed on what's going on the road !
Listen to radio communication from trucks and other vehicles and keep yourself informed on what's going on the road. Real time information on traffic condition, traffic jams, accidents, police check-points, speed controls, etc. Comes complete with magnet antenna and 12V car lighter adaptor, no installation required.

NO LICENSE ! NO FEES ! NO OPERATING COST !
COMPLETE KIT ! NO INSTALLATION REQUIRED !

Complete set includes CB Monitor-Receiver (CBM-450) ① with 12VDC Lighter Adaptor ② and quick mount CB Magnet Antenna (MAG-1330) ③ with 4 meter cable and connector.

27 MHz PROGRAMMABLE MULTI-STANDARD MOBILE CB MONITOR (ROAD WATCHER)

CB Monitor (receiver), comes complete with a quick-mount CB Magnet Antenna and with a 12V Car Lighter Adaptor. No installation is required, radio can be used immediately after purchase. **8 bands programmable for use in every european country**, AM/FM mode, receives all CB channels. EMG key for immediate access to CH9/CH19 which are the channels used by all truck drivers. OFF-ON/Volume control and AS/SQL for manual or automatic (fixed) squelch control. UP/Down knobs for slow or fast channel selection. ANL (Automatic Noise Limiter) to cut pulse noise from motorcycles or car engines. **Wide blue color backlit LCD display**, shows channel number, band ID and other enabled functions. Digital S-Meter shows strenght of received signal. Very user friendly operation. Built-in 3W speaker for clear strong audio. Backlighted function keys.

Art. 05100000

Main Features

- > 8 Bands Programmable (all european countries)
- > AM/FM
- > EMG key for quick access to trucks used channels (CH9/CH19)
- > ANL (Automatic Noise Limiter) cuts pulse noises from motorcycles or cars engines
- > AS/SQL Squelch control with manual or automatic (fixed) setting
- > Blue color backlit LCD with Signal Meter and 3-Digit for band/channel number
- > UP/Down keys for slow or fast channel selection
- > Magnet Mount Antenna with 30cm Whip and 4 meter cable
- > 12V Car Lighter Adaptor for connecting to the car lighter socket
- > Dimension of receiver : mm 114 x 45 x 165 / Weight : 400 gr.

**AMATEUR RADIO
10-METER BAND**

AM-FM 20W

28.000 - 29.700 KHz in 5 KHz Steps

ESP RX-TX SPEECH PROCESSOR

12.0 - 32.0 VDC POWER SUPPLY

Main Features

- > Frequency range 28.000 - 29.700 MHz HF 10 Meter Band AM/FM
- > Backlighted LCD Display (amber color) with 5-digit frequency readout
- > ESP COMPANDER (RX/TX modulation speech processor)
- > Digital S/Rf Meter, RG Gain control, Mic Gain control
- > Scan, Dual Watch, EMG, LCR, ANL, LOC/DX
- > Dynamic Microphone with UP/DOWN/LOCK controls
- > Quick UP/Quick DOWN frequency selection
- > PA (Public Address) circuit
- > 4 + 1 Memory Channels
- > Wide DC Voltage input range (12.0-32.0VDC) with built-in electronic voltage regulator (DC-DC Converter)
- > Mitsubishi RD16HHF1 Mosfet Power RF Transistor
- > AS/SQL (manual or automatic (fixed) Squelch control)

28 MHz AM-FM 20W AMATEUR RADIO HF TRANSCEIVER

Amateur radio HF mobile transceiver, covers the 28 MHz frequency band reserved to Amateur Radio communication. Frequency range 28.000-29.700 KHz in 5 KHz frequency steps. **Transmitter RF power 20W max in AM and FM modes.** Digital **ESP (RX and TX Electronic Speech Processor)** compresses modulation level in transmission (Compressor) and expands audio modulation in reception (Expander). **Large backlighted amber color LCD Display** with digital S/Rf Meter, shows full 5-digit frequency readout. **RF Gain** and **Mic Gain** controls. Programmable 5 + 1 memory channels, LOCAL/DX RF attenuator, manual and automatic (fixed) Squelch control. ANL (Automatic Noise Limiter), SCAN and DW (Dual Watch) functions. High quality Dynamic microphone with UP/DN frequency and LOCK controls. **Radio can be powered with 12.0VDC minimum to 32.0VDC maximum, with built-in electronic voltage regulator.**

Large size heatsink provides heat dissipation for the high power Mosfet RD16HHF1

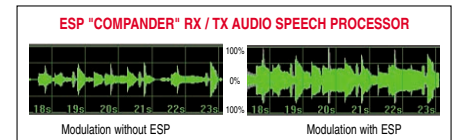

High quality Dynamic Microphone with UP/DN frequency control and LOCK

Art. 13000000

28.000 - 29.700 KHz AM/FM 20W

HR-2800EX International Version, features additional 11 CB bands (all european and international CB bands) frequency range 25.610-30.105 KHz. Not available for sale or use in the EEC countries.

28 MHz AM-FM-SSB-CW AMATEUR RADIO HF TRANSCEIVER

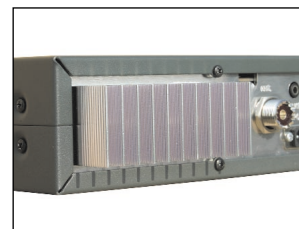

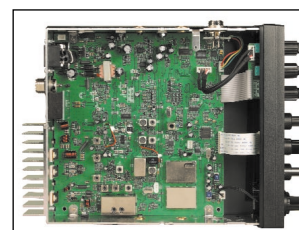

Amateur radio HF mobile transceiver, covers the 28 MHz frequency band reserved to Amateur Radio communication. Frequency range 28.000-29.700 KHz, adjustable frequency steps (10Hz, 100Hz, 1KHz or 10KHz). **Adjustable TX RF power, 12W max AM/CW, 40W max FM/SSB.** Multiple **Clarifier** operating modes. Flexible menu functions and PC programming software to fit radio to each operator's demand. **Large backlitged amber color LCD Display** with digital S/RF Meter, shows full 7-digit frequency readout, plus 2-digit LED display. **RF Gain, RF Power, Clarifier, Dual Watch, Scan, TOT, NB/ANL, LOCK, LCD Off, +10KHz, SQ/ASQ** functions. High quality Dynamic microphone with UP/DN frequency and AQ controls. **DC Voltage** display function. SWR protection and power supplied voltage protection. Software allows to program frequency range limits, frequency channels, Mic Gain limits, factory reset function, CW side tone frequency and volume, RB holding time and much more.

Art. 13000020

Main Features

- > Frequency range 28.000 - 29.700 MHz HF 10 Meter Band AM/FM/SSB/CW
- > Frequency Range 25.615 - 30.105 MHz (HR-5500EX version only)
- > Backlitged LCD Display (amber color) with 7-digit frequency readout
- > 2-Digit Channel Number readout
- > 6 Frequency Bands, 60 Channels (programmable) in each band
- > RF Power max 12W AM/CW, 40W FM, 40W SSB
- > Digital S/RF Meter, RG Gain control, RF Power control
- > Scan/SC List, Dual Watch, EMG, RB, NB/ANL, LOCK, LCD Off, TOT, HI-Cut
- > Dynamic Microphone with UP/DOWN/AQ (Auto Squelch) controls
- > Quick UP/Quick DOWN frequency selection
- > PA (Public Address) circuit
- > AS/SQL (manual or automatic Squelch control)
- > Radio is fully PC programmable (with optional PC Interface Cable)
- > Antenna Connector UHF SO239
- > Temperature Range -15/+50 °C
- > Input Voltage 13.8V (15.9V max / 11.7V min) - 9A max at 40W SSB PEP
- > Dimension : cm 28 x 25 x 6 / Weight : kg 2.8

HR-5500EX International Version, includes all CB bands and frequency range 25.610-30.105 KHz. Not available for sale or use in the EEC countries.

KT-370EE

144-146 MHz FM 5W

AMATEUR RADIO 144 MHz VHF FM
TRANSCEIVER 80CH 5W PC PROGRAMMABLE

VHF FM handheld transceiver, VFO + 80 channels, PC programmable (optional program kit), compact size, professional construction with **diecast aluminum chassis. 5W RF Mosfet transmitter.** VOX, simplex or semi-duplex. 50 CTCSS / 106 DCS Tones, **selectable narrow wide FM mode.** Programmable by PC or directly by keypad. Backlighted dot matrix LCD display with digital S/RF meter. SMA antenna.

Art. 25002280

Main Features

- > Frequency range 144-146 MHz (136-175 MHz) / VFO + 80 channel / 5W-1W
- > Backlighted dot matrix LCD
- > Memory channel and 8-digit frequency readout
- > Digital S/RF/Battery meter
- > LOCK, CALL, TOT
- > PC programmable functions : ch / frequency / LOCK / TX power / Squelch level / 50 x CTCSS and 106 x DCS tones encoder/decoder / VOX sensitivity / SCAN / frequency step / TOT / keypad program tone / LCD backlight

144-146 MHz 5W / 430-440 MHz 4W

AMATEUR RADIO 144-430 MHz 2-METER / 70-cm DUAL BAND VHF-UHF TRANSCEIVER 128CH 5W VHF / 4W UHF PC PROGRAMMABLE

Extra rugged and solid VHF-UHF FM Amateur Radio transceiver, Dual Band, Dual Frequency, Dual Display and Dual Stand-by. Work mode : V-U, U-V, V-V, U-U., 128 channels, PC programmable (optional PC Cable). Professional construction with diecast aluminum chassis. 5W/4W RF power (Hi/Mid/Low selectable). Extra high capacity Li-Ion Battery (2200 mAh), VOX, 50 CTCSS / 105 DCS, **selectable Wide/Narrow mode**. Multi display function, multi function Scan. Selectable frequency step (5/6.25/10/12.5/25/37.5/50/100 KHz). FM Radio (88-108 MHz). Offset frequency setting (0-69.950 MHz). Backlighted dot matrix LCD display with digital S/RF meter. Freq. shift direction setting, Key Lock, Busy Channel Lockout, Squelch tail elimination, **Power-on password**, Wire Clone, Power-on message display (battery voltage/full screen/other message). SMA antenna.

Art. 25002430

Main Features

- > Freq. range 144-146 MHz (136-174 MHz) 5W / 430-440 (400-470 MHz) 4W / 128CH
- > Dual Band, Dual Frequency, Dual Display, Dual stand-by
- > Dot Matrix LCD Display with digital S/RF Meter
- > 50 CTCSS / 105 DCS tones / Selectable Wide/Narrow mode
- > Steps 5/6.25/10/12.5/25/37.5/50/100 KHz
- > FM Radio 88-108 MHz / Offset freq. setting 0-69.950 MHz
- > BCL, Squelch Tail Elimination, Wire Clone, 1750 Hz Repeater Tone
- > Power-on Password / Power-on Message Display
- > PC programmable (with optional PC cable)

Full set includes main unit, SMA antenna, 2200mAh battery pack and 230VAC desk type quick charger.

PROFESSIONAL PC PROGRAMMABLE HANDHELD TRANSCEIVER

Professional FM 199 channels handheld transceiver with diecast aluminum chassis. PC programmable (with optional program kit) or direct keypad programmable. Mosfet transmitter, CTCSS, DCS, Time Out Timer, Auto Scan Priority Channels, VOX, Wire Clone, **ANI function, Channels Naming**, Busy Channel Lockout. **Scrambler** function (except mod. HT-446S). Waterproof earset-microphone jack. Full set includes main unit, 7.4V Li-Ion 1200mAh battery pack and 230VAC desk type quick charger. User friendly for 4-key pad. Rubber flexible SMA antenna (fixed antenna in PMR446 versions). Dot matrix backlighted LCD display.

Available versions :

HT-174S	VHF FM 5W	Art. 26005651
HT-460S	UHF FM 4W	Art. 26005652
HT-446S	PMR446 FM 0.5W (without Scrambler) (*)	Art. 26005650
HT-446S/SCR	PMR446 FM 0.5W	Art. 26005660

Main Features

- > 199CH / 5W (VHF), 4W (UHF), 0.5W (PMR446) RF Mosfet transmitter
- > Adjustable Hi-Low transmitter power
- > 50 CTCSS tones (Encoder/Decoder) / 106 DCS tones (Encoder/Decoder)
- > Wide/narrow bandwidth selectable (HT-174S / HT-460S)
- > SCRAMBLER (excluding model HT-446S) / TOT / Low battery
- > VOX, SCAN, Priority, Wire Cloning, Power Save, ANI, Channel Naming, adjustable Squelch, Busy Channel Lockout, Emergency Alert
- > Fully PC programmable (with optional program kit) or direct by keypad

Full set includes main unit, SMA antenna, AT-68 1200mAh battery pack and 230VAC desk type quick charger.

PROFESSIONAL HEAVY-DUTY HANDHELD TRANSCEIVER

Professional FM 16 channels handheld transceiver with diecast aluminum chassis, Heavy-Duty radio for business and professional use. PC programmable (with optional programming kit) and **data cloning** to other units (with optional cable). CTCSS, DCS, Time Out Timer, SCAN, Password protection, Selective Call (individual or group call), up to 5 programmable keys, Busy Channel Lockout. DTMF Coding and PTT ID. Waterproof earset-microphone M Type jack. Full set includes main unit, 7.4V Li-Poly 1700mAh battery pack and 230VAC desk type quick charger. Rubber flexible SMA antenna (fixed antenna in MT-446XPS).

Available versions :

MT-174XPS	VHF FM 5W	Art. 26005320
MT-460XPS	UHF FM 4W	Art. 26005322
MT-446XPS	PMR446 FM 0.5W	Art. 26005325

Main Features

- > 16 channels / 5W (VHF), 4W (UHF), 0.5W (PMR446) RF transmitter
- > Adjustable Hi-Low transmitter power on each channel
- > 38 CTCSS tones (Encoder/Decoder) / 83 DCS tones (Encoder/Decoder)
- > Time-Out-Timer / Low battery warning / DTMF Encoder / Lone Work
- > Dual narrow (12.5 KHz) / wide (25 KHz) selectable channel spacing (MT-174XPS / MT-460XPS)
- > Busy channel lockout / Talk Around function / Emergency Alarm
- > PC programmable functions : channel / frequency / TX RF output power / Squelch threshold level / CTCSS (Encoder/Decoder) and DCS (Encoder/Decoder) tone / SCAN / Time-Out-Timer / channel spacing

Full set includes main unit, SMA antenna, KB-70B 1700mAh battery pack and 230VAC desk type quick charger.

PC PROGRAMMABLE
"5T" SERIES

**PROFESSIONAL PC PROGRAMMABLE HANDHELD TRANSCEIVER
DTMF, 5-TONE, 2-TONE**

Professional FM 16 channels handheld transceiver with diecast aluminum chassis, suitable for business and professional use. Fully PC programmable professional transceiver (with optional programming kit), professional construction with **diecast aluminum chassis**. **VOX** function, simplex or semi-duplex operation. **CTCSS** and **DCS**, selectable frequency step. Busy Channel Lockout, Scrambler function. Three keys programmable for quick access functions. Selective calls **DTMF, 5-tone, 2-Tone**. Two language voice channel annunciator. **Emergency Alarm (4 types)** function. Full set includes main unit, 7.4V Li-Poly 1200mAh battery pack and 230VAC desk type quick charger. Rubber flexible SMA antenna.

Available versions :

MT-175N	VHF FM 5W	Art. 26005601
MT-465N	UHF FM 4W	Art. 26005603

Main Features

- > 16 channels (factory pre-programmed)
- > 5W (VHF), 4W (UHF) RF transmitter
- > 3 selectable channel bandwidth (12.5 / 20 / 25 KHz)
- > Emergency Alarm (4 types) / Scrambler function
- > VOX function / Time-Out-Timer / Busy Channel Lockout
- > 2 language voice channel annunciator
- > Selective Calls DTMF, 5-TONE, 2-TONE
- > PC programmable functions : channel / frequency / TX power / Squelch level / 38 CTCSS and 83 DCS tones encoder/decoder / VOX sensitivity / SCAN frequency step / TOT

Full set includes main unit, SMA antenna, KB-58B 1600mAh battery pack and 230VAC desk type quick charger.

PROFESSIONAL PC PROGRAMMABLE MOBILE TRANSCEIVER

Professional FM mobile transceivers, very rugged construction with diecast aluminum chassis. 25W RF transmitter, 8 channels, 38 CTCSS and 83 DCS tones. Programmable by PC (with optional programming kit). LED Display, dual color RX/TX LED, **five user programmable keys, selective calls DTMF/2-Tone**, Scan, Emergency Alarm, Remote Kill, Public Address, Busy Channel Lockout, Time-Out-Timer, Password Protection, selectable Squelch level. Programmable RF output power range 5W to 25W. Compact cabinet, size mm150 x 53 x 130. Weight gr. 1030.

Available versions :

MX-8000V	VHF FM 25W	Art. 26005750
MX-8000U	UHF FM 25W	Art. 26005752

Main Features

- > 8 channels (factory pre-programmed)
- > 25W VHF/UHF RF transmitter
- > Adjustable TX power 25W-5W
- > Emergency Alarm / Lone Worker / Security Check
- > 38 CTCSS Tones / 83 DCS Tones (Encoder/Decoder)
- > Selective Calls DTMF/2-Tone
- > Busy Channel Lockout / TOT (Time-Out-Timer)
- > Public Address / Remote Kill / Password Protection
- > Adjustable Squelch level
- > 5 quick access function programmable keys
- > PC programmable functions : channel / frequency / TX power / Squelch level / 38 CTCSS and 83 DCS tones encoder/decoder / VOX sensitivity / SCAN frequency step / TOT

Large size heatsink provides heat dissipation for the high power Module RA30H4452M.

**CDMX-1-USB
PROGRAMMING KIT
WITH USB CABLE**

PC interface USB cable and software CD for "MX-8000" series.

MULTISTANDARD RADIO PMR446 / LPD433

MT-3030

**MULTISTANDARD
PMR446 / LPD433**

**PMR446 8CH / LPD433 69CH PAIR SET
DUAL STANDARD UHF FM
WALKIE-TALKIES**

Dual standard 77 channel (69CH LPD + 8CH PMR) handheld transceiver. Circuit complies with all CE/R&TTE regulations for both PMR446 and LPD433 bands. Backlighted LCD, SCAN, Dual Watch, VOX, Baby Monitor, CCTSS, Lock, Roger Beep, Call. Internal **squelch level adjustable** and **full 500mW ERP transmitter** (PMR band). Earset-microphone jack. Pair set includes radios, battery packs, earsets and AC chargers.

Art. 26005020

Main Features

- > PMR446 0.5W (10mW) ERP
- > LPD433 (10mW) ERP
- > 8CH PMR / 69CH LPD
- > Backlighted LCD with Battery status
- > RX/TX LED indicator
- > 38 CTCSS tones (Encoder/Decoder)
- > Auto Scan, Auto Squelch, Hi-Low TX power (PMR band), Dual Watch, VOX (Baby Monitor) with adjustable sensitivity, LOCK, 3 CALL ring tones, Keypad tone, Roger Beep tone, Monitor

Pair set includes 2 x radios, 800mAh battery packs, earsets-microphones and 230VAC chargers.

MT-4040

**MULTISTANDARD
PMR446 / LPD433**

2W (*) / 0.5W / 10mW

**PMR446 8CH / LPD433 69CH
DUAL STANDARD UHF FM 2-WAY RADIO**

Dual standard 77 channel (69CH LPD + 8CH PMR) handheld transceiver. Circuit complies with all CE/R&TTE regulations for both PMR446 and LPD433 bands. Backlighted LCD, SCAN, Dual Watch, VOX, Baby Monitor, CCTSS, Lock, Roger Beep, Call. Transmitter power 0.5W (PMR)/10mW (LPD). Earset-mic jack.

Art. 26005045

Main Features

- > PMR446 0.5W (10mW) ERP
- > LPD433 (10mW) ERP
- > 8CH PMR / 69CH LPD
- > Backlighted LCD display with Battery status indicator
- > RX/TX LED indicator
- > 38 CTCSS tones (Encoder/Decoder)
- > Scan, Auto Squelch, Hi-Low TX power (PMR band), Dual Watch, VOX (Baby Monitor) with adjustable sensitivity, Lock, 3 Call ring tones, Keypad tone, Roger Beep tone, Monitor

Package includes NMH-800 800mAh battery pack and 230VAC charger.

MT-4040EX (*)
International Version, features 2W ERP in both PMR446 and LPD433 bands. Not available for sale or use in the EEC countries.

**NMH-800
BATTERY PACK**

Ni-MH 4.8V 800mAh rechargeable battery pack (original spare part) for MT-3030 and MT-4040.

Art. 26005212

**DDC-800
DESK CHARGER**

Desk type automatic 230VAC 1-3 hours rapid charger for MT-4040.

Art. 26005257

**DDC-500

**PMR446 8CH / LPD433 69CH
DUAL STANDARD UHF FM 2-WAY RADIO**

Handheld UHF FM 2-way radio for professional and business users. Multistandard circuit design, covering both the PMR446 and LPD433 bands, in compliance with the European CE/R&TTE regulations. According to the selected band (PMR or LPD), the CPU automatically controls the various specifications (channel spacing, deviation, selectivity, RF power, etc.) required for the PMR and LPD bands. **Scrambler. Adjustable digital Squelch threshold.** Backlighted LCD with S/RF Meter, SCAN, Dual Watch, VOX, Baby Monitor, CCTSS, Lock, Roger Beep, Call. High capacity **1500mAh Ni-MH battery** for over **40 hours battery life.** Earset-microphone jack.

Art. 26005070

Main Features

- > PMR446 0.5W (10mW) ERP / LPD433 (10mW) ERP
- > 8CH PMR / 69CH LPD
- > SCRAMBLER / 8 memory channels / RX/TX LED indicator
- > 38 CTCSS tones (Encoder/Decoder) / Battery level meter
- > SCAN, Memory SCAN, Auto Squelch, Hi-Low TX power (PMR band), Dual Watch, VOX (Baby Monitor) with adjustable sensitivity, Lock, 3 Call ring tones, Keypad tone, Roger Beep tone, Monitor, adjustable Squelch
- > Backlighted LCD with digital S/RF Meter

Package includes 1500mAh NI-MH batteries and 230VAC charger.

MT-5050EX (*) International Version, 4W ERP in both PMR446 and LPD433 bands. 30 PMR channels, 99 LPD channels, 20 PMR/LPD Semi-Duplex channels. Not available for sale or use in the EEC countries.

LED TORCH

PMR446 8CH PAIR SET UHF FM WALKIE-TALKIES

PMR446 8CH pocket size walkie-talkie with integrated antenna and bi-color dark-brown/orange cabinet. LCD display indicates channel number, RX or TX mode and transmitter power level (high/low). Low battery alert tone, automatic channel SCAN, CALL and Power Save circuit to extend battery life.

Desk type double charger recharges two walkie-talkies at the same time. **Blue light LED torch** on top side of the radio. Full pair set includes 2 x radios, Ni-MH battery packs and 230VAC desk type double charger.

Art. 26006600

Pair set includes 2 x radios, Ni-MH 550mAh battery packs and 230VAC desk type double charger.

Main Features

- > 8 PMR446 channels
- > Transmitter power adjustable 500mW (high) or 10mW (low) ERP
- > LCD display / Battery alert indicator
- > Blue light LED torch
- > Automatic channel SCAN
- > CALL melody tone
- > Digital volume (8 levels)
- > Power save circuit
- > Desk type double charger included

i-Talk T40

PMR 446 MHz

0.5W / 10mW

LED TORCH

PMR446 8CH PAIR SET / UHF FM WALKIE-TALKIES

PMR446 8CH pocket size walkie-talkie with integrated antenna available in red-black color or in silver-black color. LCD display indicates channel number, RX or TX mode and transmitter power level (high/low). Low battery alert tone, automatic channel SCAN, CALL and Power Save circuit to extend battery life. **Blue light LED torch** on top side of the radio. Powered with 3 x AAA alkaline batteries (not included).

Art. 26006601

Main Features

- > 8 PMR446 channels
- > Transmitter power adjustable 500mW (high) / 10mW (low) ERP
- > LCD display / Battery indicator
- > Blue light LED torch
- > Channel SCAN
- > CALL melody tone
- > Digital volume (8 levels)
- > Power save circuit

BLN-3600 BATTERY PACK

STOP WATCH

PMR446 8CH PAIR SET UHF FM WALKIE-TALKIES

PMR446 8CH handheld walkie-talkie with **rubber touch finish case**. Full 500mW ERP transmitter (hi-low power control). Backlighted LCD display indicating channel and CTCSS number, battery level meter and every function enabled. 38 CTCSS private codes, VOX, Baby Monitor, CALL (5 melodies), LOCK, Channel and CTCSS SCAN, Dual Watch, keypad tone and **Roger Beep tone**. **Stop Watch**. Digital volume control (8 levels). Full pair set includes 2 x radios, Li-Ion battery packs, earset-microphones and 230VAC double charger.

Art. 26006615

Main Features

- > 8 PMR446 channels
- > Transmitter power 0.5W (10mW) ERP
- > 38 CTCSS private tones / Battery Level Meter
- > Stop Watch function / Backlighted LCD display
- > Auto Channel Scan, Auto CTCSS Scan, Auto Squelch, Hi-Low TX power, VOX (5 levels) and Baby Monitor, LOCK, Dual Watch, 5 Call ring tones, Roger Beep tone, digital volume (8 levels), keypad tone

Pair set includes 2 x radios, Li-Ion 720mAh battery packs, earsets-microphones and 230VAC desk type double charger.

43 MHz FM MOBILE AND HANDHELD COMMERCIAL TRANSCEIVERS

SY-5430M

43 MHz FM 4W/20W (*)

43 MHz 24CH 4W (20W) FM MOBILE TRANSCEIVER

43 MHz mobile transceiver with 24 channel FM 4W. Very **compact case (14 x 4 cm)** may be easily installed in every vehicle. Feature packed including SCAN, Dual Watch, Hi-Low transmitter power, LOCK, LCR, etc. Large size backlit LCD with digital S/RF meter and channel or **6-digit full frequency readout**. 5 memory channels and channel selection also on microphone.

Art. 24005430

Main Features

- > 24 channel FM 4W (CE version)
- > Backlit LCD Display with channel and 6-digit frequency readout
- > Scan, Dual Watch, EMG, LCR (Last Used Channel Recall), CH13
- > Digital S/RF Meter
- > Condenser Microphone with UP/DOWN channel keys
- > Quick UP/Quick DOWN channel selection
- > 5 memory channels and automatic memory channel scan

SY-5430M-EX (*)

International Version, 20W ERP and 224 channels. Not available for sale or use in the EEC countries.

SY-343/SY-90

43 MHz FM 4W

43 MHz 24CH 4W FM HANDHELD TRANSCEIVER

43 MHz FM **4W** handheld transceiver with 24 channel. SCAN, Dual Watch, Hi-Low transmitter power, LOCK, LCR, etc. Backlit LCD with digital S/RF meter, external earset-microphone jack and **compatible with mobile car adaptor** model CAR-101. Set comes with 230VAC charger and rechargeable battery case for 9 x AA Ni-MH 1.2V (batteries not included). This transceiver is fully compatible with the mobile version model SY-5430M. 2-pin standard ear-mic jack.

Art. 24000346

Main Features

- > FM 4W / 24CH (CE version)
- > Backlit LCD Display with Digital S/RF Meter
- > Scan, Dual Watch, EMG CH13
- > LCR (Last Used Channel Recall)
- > Hi-Low transmitter power selectable
- > External earset-microphone jack
- > Compatible with mobile car adaptor CAR-101
- > 10.8V battery case may contain 9 x AA Ni-MH batteries (batteries not included)

Package includes radio, antenna, strap, Ni-MH empty battery case 10.8V and 230VAC charger.

AC-101

230V ADAPTOR

230VAC adaptor charger for SY-343/SY-90.

Art. 36005810

BP-106

9V BATTERY PACK

9V battery pack contains 6 x AA alkaline batteries (not included) for SY-343/SY-90.

Art. 36005814

SY-90

10.8V BATTERY PACK

10.8V rechargeable battery pack contains 9 x AA Ni-MH batteries (not included) for SY-343/SY-90.

Art. 36005820

CAR-101

MOBILE CAR ADAPTOR

Converts SY-343 into a mobile transceiver, power supply is taken directly from the vehicle electric system, cigarette lighter adaptor socket. SO-239 RF antenna connector.

MARINE RADIO

MARINE VHF HANDHELD TRANSCEIVERS

DOLPHIN

5W / 1W

50 PRIVATE CHANNELS (*)

SCRAMBLER (*)

38 CTCSS TONES (*)

VHF FM MARINE TRANSCEIVER WITH ADVANCED FUNCTIONS

VHF FM marine (156-162 MHz) handheld radio with splash proof cabinet. **Backlighted LCD**, digital **S/R/F meter**, channel, CTCSS tone number and all enabled functions are indicated by the LCD. All US, Canada, International and Weather channels. **Transmitter power adjustable (5W/1W)**. SCAN, Dual Watch, CH16, 8 memory channels, LOCK. Battery level meter. Adjustable squelch (6 levels), **VOX** for handsfree operation. Package includes 1500mAh Ni-MH batteries and travel charger.

Art. 27001000

Main Features

- > All US, Canada, Int. and Weather channels
- > Backlighted LCD display
- > Adjustable RF output power 5W/1W
- > S/R/F Meter and 4-bar Battery level Meter
- > LOCK, CH16, SCAN, Dual Watch, BUSY
- > VOX handsfree operation (4 level sensitivity)
- > 8 memory channels
- > 2-pin standard ear-mic jack

1500mAh Ni-MH BATTERY

DOLPHIN-EX (*)

International Version, with 38 CTCSS Tones, 50 private channels and Scrambler function. Not available for sale or use in the EEC countries.

Package includes 1500mAh NI-MH batteries and 230VAC charger.

PC PROGRAMMABLE

VHF FM MARINE TRANSCEIVER WITH ADVANCED FUNCTIONS

VHF FM marine (156-162 MHz) handheld radio **PC programmable** (with optional programming kit). Backlighted wide **4-lines 1.8" LCD**, digital **S/R/F meter**, channel and **6-digit frequency readout**. All enabled functions are indicated by the LCD. All US, Canada, International and Weather channels, **100 memory channels** and **120 private channels programmable**. Transmitter power adjustable (3 levels). Manual or auto squelch. SCAN, Dual Watch, Triple Watch, CH16, priority channels, key lock, ATIS/alert. Battery level meter. Full set includes 1500mAh Ni-MH batteries and travel charger.

Art. 27002000

Main Features

- > All US, Canada, Int. and Weather channels
- > 4-lines 1.8" extra-wide backlighted LCD display with channel and 6-digit full frequency readout
- > Adjustable RF output power 5W/2W/1W
- > S/R/F Meter and 4-bar Battery level Meter
- > LOCK, CH16, SCAN, Dual Watch, Triple Watch, Priority, ATIS/alert
- > 120 private channels (frequencies) programmable
- > 100 memory channels
- > Manual or Auto Squelch
- > 2-pin standard ear-mic jack

Package includes 1500mAh Ni-MH batteries and 230V charger.

These new rubber antennas can be conveniently tuned to the exact specific required frequency, by simply removing the rubber cup and cutting the antenna into the proper length, as per the enclosed frequency-length chart. Once the antenna has been cut, the rubber cup may be re-installed on top of the antenna and fixed with one drop of glue. Antennas are available for VHF/UHF/PMR frequencies.

DESIGNED FOR TOURISTS GUIDED TOURS, MUSEUMS OR OUTDOOR TOURS, CONFERENCES AND TRANSLATIONS, MOTORCYCLE DRIVING SCHOOLS, OFFICES, STORES, WAREHOUSES, HOTELS, RESORTS, RESTAURANTS, HOSPITALS, FACTORIES, SAFETY, SECURITY PURPOSES, ETC.

RP-800

860 MHz 79 CHANNELS UHF FM

USER FRIENDLY OPERATION

860 MHz UHF FM PROFESSIONAL PAGING SYSTEM DESIGNED FOR TOUR OPERATORS, TOURISTS GUIDED TOURS, CONFERENCES, ETC.

Compact and light weight UHF FM voice pager and transmitter. **User friendly designed** for tour operators and tourists guided tours, it is also suitable for conferences, translations, etc. System operates on the 860 MHz UHF FM band, which is usually free from interferences. Voice pager and transmitter are **programmable by the operator. Two operating modes (USER mode and PROGRAMMING mode)** are available. When pager is set in USER mode, user can only operate the On/Off and the Volume controls, every other function is disabled, in order to prevent user from entering wrong commands. Removable battery case, built-in antenna, **rubber touch finish cabinets**, choice of convenient necklace or belt clip. Backlighted LCD display shows all functions in the Program Mode and only volume and battery levels in the User Mode. **79 channels** selectable. 3 x AA battery powered. Battery charging with desk type multiple chargers. Complete with necklace, belt clip and earset.

UHF FM PMR 446 - LPD 433 DUAL BAND VOICE PAGER

8 PMR + 69 LPD CHANNELS 52 PRIVATE CHANNELS 38 CTCSS TONES

**UHF FM PMR 446 MHz / LPD 433 MHz DUAL-BAND VOICE PAGER
DESIGNED FOR TOUR OPERATORS, TOURISTS GUIDED TOURS, CONFERENCES, ETC.**

Compact and light weight UHF FM voice pager. **It can be used with any PMR or LPD transmitter.** User friendly design, suitable for conferences, meetings or for security purposes, motorcycle driving schools, restaurants, hotels, resorts, hospitals, offices, stores, warehouses, etc. Necklace or belt clip. Listen from the supplied earset or from the **built-in speaker**. Pager is **operator programmable** (channel, CTCSS tone, voice only, voice or vibration alert, etc.). In the **USER Mode**, user can only operate the ON/OFF key and the volume controls, in order not to enter wrong commands. Backlighted LCD display shows all functions in the **PROGRAM Mode** while only the volume and battery levels are displayed in User Mode. 129 channels selectable. Complete with necklace, belt clip and earset.

Main Features

- > 8 PMR446 channels / 69 LPD433 channels / 52 private LPD/PMR channels
- > 38 CTCSS tones / Backlighted LCD Display / Busy icon / Battery level
- > Vibration Alert (if used with DRS-5070 or SL-02 transmitter)
- > USER Mode and PROGRAM Mode (Operator programmable)
- > 2 receiving modes (Voice only, Voice + Vibration)
- > External Earset Jack / Wall Charger Jack
- > Dimensions : L60 X D36 x H85 mm / Weight : gr. 80
- > Power Source : 2 x 1.2V AA Ni-MH or 2 x 1.5V AA alkaline batteries

**MT-5050 PMR446 / LPD433
PORTABLE TRANSMITTER**

PMR446 / LPD433 handheld transmitter, **compatible with the RP-600 voice pager**. Radio is complete with high capacity 1500mAh Ni-MH batteries for over 40 hours battery life and with a 230VAC wall charger. Optional desk type rapid charger (DDC-500). Various types of external microphones are available.

See page 19 for full details

**DRS-5070 PMR446 / LPD433
DESK TYPE TRANSMITTER**

PMR446 / LPD433 desk type transmitter, **compatible with the RP-600 voice pager**. Radio is complete with 230VAC power supply/charger. Internal battery operation is also possible. Suitable for desk type operation, such as conferences, translations, offices, etc.

See page 19 for full details

Suggested portable and desk type transmitters for RP-600 Pagers

**EA-601A
EARSET**

Earset with soft silicon hear hanger and 60cm cable (one earset is included as a standard part with every RP-600 pager).

Art. 70000300

**AC-600EU
WALL CHARGER**

230VAC wall charger, for RP-600 pager. Charging time approx. 12-14 hours.

Art. 70000205

**MDC-600EU
DESK TYPE QUICK CHARGER**

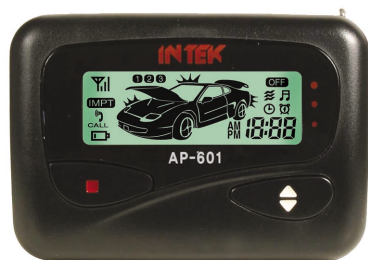

Recharges simultaneously up to 50 pagers. About 5 hours charge time. CPU controlled charging process for each single position, LED indicators. Power 230VAC. Dimensions mm 450x490x105. Weight kg. 7.5

Art. 70000220

AP-601

UHF FM REMOTE ALARM SYSTEM

65.000 DIGITAL CODES

2 KM RANGE

DIGITAL CODED UHF FM REMOTE ALARM WITH LCD POCKET PAGER FOR VEHICLES, MOTORCYCLES, BOATS, HOUSES, CAR BOXES, BUILDINGS, ETC.

This set includes a remote pocket pager, that can immediately receive an alarm message from the UHF transmitter unit installed in a vehicle or building. The system may also be used by old persons to recall attention as well as for various other safety applications. The pocket pager has a **wide LCD display** showing the details of the received alarm (example door car opened). The UHF FM transmitter has a **digital coding system with 65.000 codes**, to prevent interferences or faulty alarms. Set includes a **vibration/movement sensor**, with adjustable sensitivity and a small size transmitting antenna. Pager notifies incoming alarm with an **audio tone o with a silent vibration alert** and the LCD display indicates the type of alarm (doors open/closed, trunk open/closed, engine door open/closed, crash, engine started). It also indicates if you are within the transmitter range, time, type of selected alarm and battery level. Pager is powered with one AAA alkaline battery. Various applications of this system also include **wireless remote control of buildings, houses, offices, warehouses, car boxes, etc.** with immediate transmission of an alarm up to a **distance of approx. 2km**, without any wiring or cables.

Art. 70000100

Main Features

- > Frequency range 433.075-434.775 MHz UHF FM
- > 1 channel (spacing >25 KHz)
- > 65.000 digital codes
- > Transmitter power 10mW ERP
- > Transmitter Size mm 91 x 70 x 30 / Weight 100 gr.
- > Transmitter DC input voltage 12.0VDC
- > Receiver power source 1.5V (1 x AAA battery)
- > Receiver Size mm 63 x 44 x 18 / Weight 60 gr.

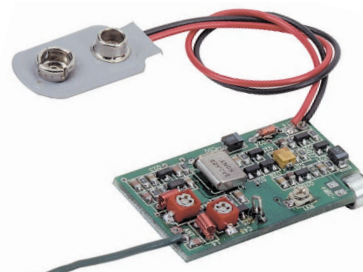

Set includes transmitter, receiver, vibration/movement sensor, rubber TX antenna, receiver cover, handstrap, AAA alkaline battery.

SUITABLE FOR VARIOUS APPLICATIONS

RM-446

433-446 MHz

VOX

Art. 38000446

UHF FM (433-446 MHz) ROOM MICRO-TRANSMITTER WITH VOX (*)

UHF FM micro-transmitter, 433-446 MHz. High microphone sensitivity (adjustable) and **VOX function** for automatic transmission when sound is detected by the microphone. VOX can be disabled for continuous transmission. Approx. **3 months operating time** (in VOX mode), with one 9V battery. **Size mm 42 x 23 x 5 mm thick**. Power 6-14V only 12-13mA. Max range **500 meters**.

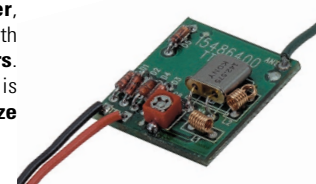

TT-140

Art. 38000140

140-150 MHz

VHF FM (140-150 MHz) TELEPHONE MICRO-TRANSMITTER (*)

VHF FM telephone micro-transmitter, 140-150 MHz. To be installed in series with telephone line. Range of max **500 meters**. **Unlimited operating time**, powered is taken directly from the telephone line. **Size mm 24 x 22 x 5 mm thick**.

(*) Product not CE approved, for use by police or other authorized corps. Sales and operation of this device are restricted. Please check details with your local dealer.

CCD-SC1

DUMMY CCTV CAMERA

DUMMY SURVEILLANCE CAMERA

Identical to a true CCTV camera, with **working red LED** indicator, lasts about **six months with 2 pcs A batteries**. Convenient method for crime dissuasion. Comes with bracket, hardware and a **WARNING ! label**, showing that the area is subject to video surveillance.

WARNING !
AREA PROTECTED BY
VIDEO SURVEILLANCE
WITH RECORDING

**A SMART AND LOW COST
ANTI-CRIME SOLUTION !**

VHF AM AIR / VHF NFM / VHF WFM

LISTEN TO COMMERCIAL, BUSINESS
AND SPORT AIRPLANES AND
AIRPORT RADIO COMMUNICATION

99 MEMORY CHANNELS

**VHF AM AIR BAND SCANNER 108-137 MHz
(137-174 MHz NFM / 88-108 MHz WFM FM)**

Pocket size air band scanner. Back lighted LCD display. Rubber touch compact case, 26 mm width. Designed to monitor the air band radio communication traffic, covers the **VHF AM air band, with frequency steps at 8.333 KHz or 25 KHz**, the VHF NFM band (137-180 MHz) and the FM radio band (88-108 MHz WFM). **99 memory channels**, Scan, Dual Watch, selectable frequency steps in the air band (8.333 KHz or 25 KHz), in the VHF NFM band (5-10-12.5-15-20-25-50 KHz), in the VHF WFM band (100 KHz). Complete with **2 x AA Ni-MH batteries and 230VAC charger**. External earset jack.

Art. 50000109

Main Features

- > VHF AM Air band (108.000-136.975 MHz)
- > VHF NFM band (137-180 MHz)
- > FM radio band (88-108 MHz WFM)
- > Air Band freq. steps 8.333 / 25 KHz
- > VHF NFM band freq. steps 5-10-12.5-15-20-25-50 KHz
- > Backlighted LCD display with 7-digit full frequency indication
- > Battery level Meter / digital S-Meter
- > Power Save, Key Lock, Keypad beep tone
- > Busy, Monitor, Skip, Delay
- > 99 programmable memory channels

Set includes 2 AA rechargeable Ni-MH batteries
and 230V wall charger.

**HF HAM RADIO AND GENERAL COVERAGE
SHORTWAVE RECEIVER + VHF AIR BAND**

Quality portable receiver for **HF/SW (SSB), MW, LW, FM and Aircraft Band (AM)**. Dual conversion for HF/SW, MW and LW. Professional construction with metal weighted knobs and keys. **Single side band (SSB) with USB & LSB**. Telescopic antenna for FM, AIR, HF & SW and 360° rotatable MW antenna. Multi external antenna jack. 1000 station memories, **BFO control for SSB, RF Gain, Squelch, Attenuator**. Power sources : 4 x UM1 (D size) batteries, 220VAC power, DC 6V. Auto Scan, manual tuning or direct frequency key-in function. Large backlighted LCD and analog Signal Meter.

Main Features

- > HF/SW 1.711-30.000 KHz
- > MW 520-1.710 KHz
- > LW 100-519 KHz
- > FM 88-108 MHz
- > Aircraft 118-137 MHz
- > Dual Conversion for HF/SW, LW, MW
- > AM, FM (Narrow/Wide) and Single Sideband (SSB) with USB & LSB
- > Auto Scan, Manual Tuning or direct frequency input by keypad
- > 1000 Station Memories
- > Clock and Dual Alarm Clock
- > Sleep Timer function
- > Telescopic Antenna for HF/SW, FM and Air Band
- > 360° Rotatable MW Antenna
- > RF Attenuator, Squelch, RF Gain
- > 10 cm quality built-in Speaker
- > Line-in/Line out jacks
- > Power sources : 4 x UM1 (D size) batteries, 220VAC , DC 6V **(230VAC adaptor included)**
- > Dimens. : 372 x 183 x 153 mm
- > Weight : 2.7 Kg

GENERAL COVERAGE SHORTWAVE BROADCAST RECEIVER + VHF FM BAND + MW

Quality portable receiver for **SW broadcasting (SHORTWAVE)**, MW and VHF FM bands. Analog tuner with high sensitivity & selectivity. LCD display orange backlight, with digital Signal Meter. **Variable HF gain control**. Low-pass filter for SW and FM reception. Built-in telescopic antenna for SW and FM. Built-in ferrite antenna for AM. External antenna jacks. Digital clock display and alarm clock (with radio), Sleep Timer. Power sources : 4 x UM1 (D size) batteries or DC 6V (**230VAC adaptor included**). Strap type carrying handle.

Main Features

- > HF/SW 1.700-28.000 KHz
- > Continuous coverage from 3 to 28 MHz including 13 international broadcast bands (11, 13, 15, 16, 19, 22, 25, 31, 41, 49, 60, 75 and 90 Meters)
- > MW 520-1.610 KHz
- > FM 88-108 MHz
- > High sensitivity, selective tuner and digital frequency readout, variable RF Gain control
- > External antenna jack
- > Digital clock, wake up timer, radio-play alarm clock
- > Dimensions : 173 x 272 x 88 mm
